WORK EXPERIENCE

Habitat For Humanity: *Volunteer*

Sept. 2018 – May 2021

- Utilized knowledge of community resources to refer clients to appropriate sources.
- Collaborated with others by contributing time, effort and talent to advance needs or further missions.
- Met community outreach goals through lead generation and conversion.
- Assisted with facilities maintenance, basic cleaning and trash removal.
- Raised funds for organization through community outreach initiatives.

Personal Project: *Website Portfolio (top of page)*

- Designed and developed a professional portfolio website using HTML, CSS, and JavaScript to showcase personal projects and skills.
- Created a visually appealing and user-friendly interface to effectively showcase project details
- Regularly updated the portfolio with new projects and skills to reflect ongoing learning and growth in the field.
- Received positive feedback on the portfolio's design and functionality from peers and industry professionals

Personal Project (Group): *Unity Video Game (found in website portfolio)*

- Developed a 3D Platformer using Unity in collaboration with a team of three other developers.
- Contributed to various aspects of game development, including game mechanics and level design
- Demonstrated strong teamwork and communication skills throughout the development process to ensure project success.
- Received positive feedback from peers and University of Western Ontario staff members.
